2022 CORONAVIRUS (COVID-19) Pandemic Addendum continuation

For the 2022 season we are continuing the COVID-19 rules for the health and safety of the players and our tennis community. Each player should read and review the safety guidelines.

HIGHLIGHT OF KEY 2020, 2021 and 2022 RULE CHANGES:

- Players should maintain acceptable social distance on and off the court. Bring only your essential match items to the court.
- Home team is responsible for bringing a can of balls; however, any player who would prefer to bring their own can of balls to play for health safety reasons, may do so.
- For the 2022 season, teams will play the third (3rd) set out unless both captains agree to play a super 10-point tiebreaker in lieu of the third set prior to the start of the match due to facilities not being open (i.e., a strictly timed match), due to health safety concerns for COVID or inclement weather or extreme heat. If there is no agreement, the original format (playing out the 3rd set) will be followed. *Reference Page 21 for Super tiebreaker format.*

CHICAGO PARK DISTRICT TENNIS ASSOCIATION (CPDTA)

The following rules and regulations must be followed, and no arbitrary changes are to be made by any of the Chairpersons.

ARTICLE I - REGISTRATION AND ENTRY FEES

1. The **Annual Entry Fee** for **each team** is **\$85.00**. In addition, each player must pay the \$7 annual membership/registration fee. There is no charge to play on a second team, contact an administration to get the fee waived electronically within the tennispoint.com system. Or a player may choose to make an additional \$7 donation to the organization.
2. All payments must be made through the website, <https://www.cpdta.org> in conjunction with www.tennispoint.com
3. The CPDTA shall set the deadline for team entries and all fees.
4. All players must register on the CPDTA website and provide their name, email address, cell phone number and actual or estimate USTA rating. *See Article III, No. 8*
5. All players will adhere to the rules and bylaws including the COVID waiver. *See Article XI.*
6. All captains will receive a list of these bylaws as well as the names, email addresses and cell phone numbers of all CPDTA officers.
7. Players are required to register and pay their fee on www.tennispoint.com and complete the profile with cellphone, email and enter a valid NTRP rating. *See Article III, No. 8.*

ARTICLE II - SCHEDULING

1. The Tournament Committed (President, Vice President, Secretary, Treasurer, Tournament Chairperson, Webmaster and Division Chairpersons) shall draw

and list the schedule of interclub matches, the Sectional Quarterfinals, Semifinals, and Final Playoffs

The team entry fee must be submitted through the CPDTA website by the deadline determined by the Tournament Chairperson. Guidelines for submission of rosters and entry fees will be provided to team captains of record.

2. A team may make additions to its roster any time during the season. Changes to a team's roster must be updated on the CPDTA website. A player must be shown added to the roster one hour prior to the scheduled match time. (e.g, 8am scheduled match—player must be registered and paid by 7am)

If the player is not fully registered (name, email, cellphone number and USTA rating or self-rating), listed on the official roster and paid, 1 hour prior to the match, then they are deemed ineligible, and that court will be defaulted.

3. Team matches in the Women's divisions will be scheduled on Saturdays. Team matches in the Men's divisions will be scheduled on Sundays. Team captains shall select a single starting time for home matches, subject to the approval of the local park supervisor, and in accordance with Article IV, No. 4. The starting time shall be designated on the Initial team roster and will remain in effect throughout the season for all scheduled home matches, including the Quarterfinal and Semifinal Playoffs, unless a different time is needed to accommodate a park event, or two teams have scheduled matches at the same time. Other than circumstances described above, the time can only be changed by mutual agreement of both the home and away team captains, and with notification to the Division Chairperson.
4. In the event two teams at the same park are scheduled to play a quarter final or semifinal match, the division chair will flip a coin for who plays at 8am or 10am to accommodate the second match. The 8am match will be a timed match, with the third set being a super tiebreaker, first to 10, win by 2 points, using the Coman tiebreak format.

ARTICLE III - ELIGIBILITY

1. All team members must have reached the minimum age of 18 years or the division specified age (i.e., 40+, 55+, etc.), prior to or during the calendar year in which the player's first league match is played.
2. The *Tournament Chairperson* shall have the authority to determine placement of teams or individuals within divisions. Discussion of appropriateness of placement regarding a team or individual within a division should be promptly brought to the Division Chairperson who will refer the matter to the Tournament Chairperson to provide a ruling. An individual player will have the right to petition the Tournament Committee at the end of the season for a change in his or her division placement.
3. Generally, the team that won the Final Tournament in its division will move up to the next higher division. In addition, the team that finishes in the last place in its division during the season may be required to move down to the next lowest division. If the Board determines that there are unusual circumstances, such as a significant change in roster for a team finishing in last place, that team may be allowed to remain in the division for one more year. A team finishing in last place two years in a row **MUST** move down to the next lowest division. Additionally, the Tournament Chairperson and The Board reserve the right to determine movement of teams to help ensure equanimity of player's skills and to facilitate optimum scheduling of matches. Teams **MUST** abide by the ruling of the Tournament Chairperson and The Board.
4. A player may play on two teams, in two different divisions, if the player meets both divisions' requirements. If a player is inadvertently rostered on two teams in the same division, that player's official team shall be the one for which the first match was played.
5. If a team plays an ineligible player, the team will lose that court only.
6. A player or captain may become ineligible for league play for conduct deemed unsportsmanlike. Such conduct should be reported to the Division Chair and the Tournament Chairperson for review. *Reference Article VII Unsportsmanlike Conduct.*

7. Players must provide ID upon request before a match begins. If a captain requests ID confirmation from any opposing player before the match, the ID must be provided. They have eight (8) hours to produce it via a texted or emailed photo to the opposing captain, otherwise the match is defaulted.
8. Rating:
 - a. Players are required to complete their online profile in www.tennispoint.com with their valid NTRP rating that is found on TennisLink at www.usta.com.
 - b. Players who do not have a valid NTRP rating level on file in TennisLink shall self-rate in accordance with the *General & Experienced Player Guidelines – Supplement to the NTRP Guidelines* and complete the self-rating process on TennisLink when registering for a team. Players who allow someone else to complete the self-rating process for them will be ultimately responsible and held accountable for information submitted or omitted. Failure to self-rate in accordance with the *NTRP Guidelines*, or omission of information regarding a player's tennis history, will subject the player as well as the captain and/or others who completed, assisted, condoned and/or approved an inappropriate self-rating to penalties and suspension. Players whose self-ratings are determined to be inaccurate or inappropriate shall be disqualified. NTRP guidelines can be found at: https://www.usta.com/content/dam/usta/pdfs/10013_experience_player_ntrp_guidelines.pdf

ARTICLE IV - MATCH PLAY

1. The Home Team is fully responsible for paying all court fees charged by their home park. Every team must have a home court.
2. The Home Team – **NOT the Chicago Park District or the CPDTA** – is responsible for having courts in playable condition as close to the start time as reasonably possible. Captains and Players should arrive early and should maintain social distancing while preparing the courts for match play. Playable condition is defined as all conditions within the control of the individual team such as water and small debris. In the spirit of good sportsmanship, both teams are encouraged to participate in getting courts into playable condition. If

courts are not playable because of inclement weather, the match may be rescheduled upon notice by the Home Team captain to the Visiting Team captain in accordance with Article IV, No. 11.

3. Inter-club matches shall be played at the direction of the Tournament Committee in each division. All players can only participate in one event, either Singles or Doubles in each team match. There will be five matches at each team match. Each division competition (except the Men's 55+ division and the Women's AA division for 2022) will consist of two (2) Singles and three (3) Doubles matches. A team must have eight (8) players for each competition; two (2) for the Singles and six (6) for the Doubles. For the 2022 season, the the Women's AA division must have seven (7) players for each competition; one (1) Singles and three (3) Doubles. For the 2022 season the Men's 55+ division will need 9 players for one (1) Singles and four (4) Doubles
4. **Exchanging of lineups:** A written list of all singles players and doubles pairings and their positions, in accordance with the provision of Article IV, shall be exchanged simultaneously by the captains at the top of the hour for the scheduled match. Members of the doubles teams must be determined prior to the commencement of any matches. After the exchange of the lineup, in the event a unforeseen circumstance, a ONE-Player substitution will be allowed within the 15-minute warm-up period. A captain with an available alternate can make a one-player substitution, slotting the alternate player into the unavailable players position and not a lineup reconfiguration. No extra warm-up time will be given.

Any player may be played in either of the Singles or Doubles matches; however, captains are behooved to play their most skilled players in the #1 and #2 matches to ensure fairness of play.

5. **1-1-1 Rule:** The following rule is a guideline of play for the women's division. You may ONLY play ONE player per match who is above the stated level and they MUST PLAY 1ST SINGLES OR 1ST DOUBLES. This is called the 1-1-1 rule.

Players should be at the stated level of play. Furthermore, a player BELOW the level can play up one half (.5) level, and you may roster a player who has a half (.5) level ABOVE the stated level. The level of play is stated below for "A" and "B" levels.

Women's A – 4.0

The team should generally have a 4.0 USTA rating, 3.5 players can play up and one 4.5 player can play 1st singles or 1st doubles in a match.

Women's B – 3.5

The team should generally have a 3.5 USTA rating, 3.0 (or 2.5) players can play up and one 4.0 player can play 1st singles or 1st doubles in a match.

1-1-1 Rule Defaults: If 2 higher rated players play a match – the courts will be considered a default.

If there is no rating available on the USTA site, a player will be considered 'self-rated' at the team's level. If players are clearly above that level and are self-rated, the following year they must transfer to a new higher-level team. Captains questioning players self-ratings may file grievances with the Tournament Chair and Board for player review and placement.

6. All team matches must be played on the weekend scheduled and shall start no earlier than 8am and no later than 11am on Saturday or Sunday, unless necessitated by circumstances or by mutual agreement of both team captains. Postponements shall be permitted in case of inclement weather, and shall be rescheduled in accordance with Article IV, No. 11.
7. All players participating in the match must be ready to play (not warm-up) within fifteen (15) minutes after the scheduled time of play. Any player not adhering to this rule shall be subject to default. Match play will be continuous as soon as courts become available. If home courts are not playable, the match can be played elsewhere on that day by mutual agreement.
8. When a team intends to default any or all courts, immediate notice must be given to the opposing team captain by the team captain of the defaulting team. Captains must inform one another of any additional defaults prior to exchanging written line-ups. The written line-ups shall be considered "official" when simultaneously exchanged between captains at the beginning of match play. Failure to adhere to this may result in an unsportsmanlike conduct charge.

9. **Standings:** The team winning the most individual matches will be awarded one point PER TEAM WIN

10. **DEFAULTING:**

- a. **For Divisions that play (2) Singles and (3) Doubles format** shall be **defaulted in the following manner:** If a team has seven (7) players, Second Singles shall be defaulted; if a team has six (6) players, Third Doubles shall be defaulted; if a team has four (4) players, Second and Third Doubles shall be defaulted.

At least four (4) members of a team must be present and ready to play as scheduled, or the entire team match is forfeited. A forfeited competition results in awarding one match win comprised of all five (5) courts to the opposing team. A team that forfeits two complete matches (five points per match) may not be allowed to play the following year. The Tournament Committee will decide team and player eligibility.

- b. **DOUBLE DEFAULTS:** A double default will occur when both teams do not have enough players to play one or more courts and neither team will receive points for those individual court matches. Any situation not covered by the *order of default rule* will then be decided by the team with the **most** players for the competition. This team would then decide where to position the players. If it is decided to play #1 Singles, #2 Singles, #1 Doubles and #2 Doubles, both teams must default #3 Doubles. If it is decided to play all three (3) doubles matches, both teams' default #2 Singles, and the team with only six (6) players also defaults #1 Singles.

- c. **DEFAULTING for Special Divisions (Men's 55+ and Women's AA) that play (1) Singles and (3) Doubles format** shall be **defaulted in the following manner:** If a team has six (6) players, the Singles shall be defaulted; if a team has five (5) players, the Third (3rd) Doubles shall be defaulted.

At least five (5) members of a team must be present and ready to play as scheduled, or the entire team match is forfeited. A forfeited competition results in awarding one match win comprised of all five (5) courts to the opposing team. A team that forfeits two complete matches (five points per match) may not be allowed to play the following year. The Tournament Committee will decide team and player eligibility.

- d. **DOUBLE DEFAULTS 55+ Division:** A double default will occur when both teams do not have enough players to play one or more courts and neither team will receive points for those individual court matches. Any situation not covered by the *order of default rule* will be decided by the team with the **most** players for the competition. This team would then decide where to position the players.
11. Players must win two of three sets to win a match. The 12-point tiebreaker (see Article X, No. 3) will apply to each set when the score is tied at 6-6 in both singles and doubles. In extenuating circumstances, the Home Team may decide before the match begins that a regulation Third Set may be replaced by a Super Tiebreak (first to ten (10) win by two (2)). **(Note: For the Summer of 2022, if the captains agree to play a third set super tiebreaker in lieu of the third set, they can do so)**. The team winning the most matches (courts) wins the inter-club play match for that day. A ten-minute rest period following the Second Set will be allowed in all untimed matches. In extreme weather conditions, such as rain or extreme heat, the captains may mutually agree after the second set to play a super tiebreaker in lieu of a third set.
12. The Home team is responsible for bringing balls, however; any player who wishes to use their own can of balls to play for health safety reason, may do so.
13. If a player is injured, s/he shall “retire”. A time limit of **15 MINUTES TOTAL PER MATCH** will be allowed for an injured player who wishes to continue. The injured player must tell his or her opponent about the injury immediately upon ceasing play. If an injured player neglects to inform the opponent about the injury, USTA rules apply to the allowable time between points, games, and sets.
14. In case of **inclement weather**, it is not necessary to meet at the match site. Captains are to follow the options below, **listed in the order of prioritization:** If indoor courts can be secured for the day of the match, the match can be relocated and played as scheduled, with both teams splitting the court costs. Both captains must agree upon this and are responsible for informing their team of the new location, no later than 45 minutes prior to the match start time.
- a. If indoor courts cannot be secured for the day of the match and a rain date is available in the schedule, the match must be moved to that date.
 - b. If a rain date is NOT available, captains will electronically send their lineups for that match, complete with players phone numbers and emails,

to their Division Chair no later than NOON (12pm) on the match date. Within 24 hours, the Division Chair will send an email, with both lineups to said Captains, who are responsible for distributing it out to their players within 24 hours of receiving it from the Division Chair. Note: if the Division Chair is unavailable that weekend, Captains are to send their complete lineups and contact information to the Tournament Chairperson to carry out. **(You will then activate the 'Rain Mode' feature and complete the lineup online at www.tennispoint.com)**

- i. Players in the lineups are responsible for scheduling the match against their opponent via text, phone call or email. You have one (1) week to establish your rain makeup date. The players are then responsible for rescheduling their individual matches. They can be played inside or outside. The home court advantage is not in effect and the location should be centrally located. The objective is to play the match at any agreed upon location, inside or outside. Communicate the scheduled date to both captains. **Failure to do so will result in a court default.**
- ii. **If a player was scheduled for a rain makeup and cannot play for any reason once the date is set, it will be considered a default.**
- iii. **All matches must be completed, at the latest, one week before Playoffs.**
- iv. However, if the postponed match occurs the week before the Playoffs, then the players and teams will have until Tuesday at midnight to make up the match. A minimum of three (3) courts must be played. Any courts not played will be considered a default; the recipient of the default receives the credit towards eligibility for playoffs.
- v. Once your makeup has been scheduled (date/time/place), any cancellation will be considered a default. Players are to notify both captains of the agreed upon scheduled date, time, and location and then the scores once the match has been played. If the rain date is

rained out, you have until one week before any Playoff to complete the match.

- vi. In cases of inclement weather, once 'Rain Mode' has been activated on www.tennispoint.com, either CAPTAIN can enter the scores for any court that has been played.

15. When an Inter-club match cannot be finished (e.g., rain begins), at the point of interruption, the scores will be held and recorded until the players can reschedule their individual matches themselves and finish playing from where they left off. They can be played inside or outside. The home court advantage is not in effect and the location should not be central. The objective is to play the match at any agreed upon location, inside or outside. If there are court fees, they will be split between the players.

All continued matches must be completed, at the latest, one week before Playoffs. If however, the postponed match occurs the week before the Playoffs, then the players and teams will have until Tuesday at midnight to make up the match.

Once your makeup has been scheduled (date/time/place), any cancellation will be considered a default. Players are to notify both captains of the agreed upon scheduled date, time, and location once decided. Players are responsible for sending both Captains their final scores. If the Rain date is rained out, you have until one week before any Playoff to complete the match.

In cases of inclement weather, activate 'Rain Mode'. As individual courts are completed, either CAPTAIN can enter the scores for that court.

16. A line judge satisfactory to both team captains shall be furnished at the request of any player of either team. Alternately, each team can provide a line judge to stand at diagonal corner of the court so that they are responsible for two of the four lines.

17. The Home team shall select and provide one new, sealed can of three championship balls for tournament play for each match in each inter-club competition. The Home team pays for all the match balls and keep them. If three new balls are not provided, that match will be defaulted. New balls will NOT be provided for a third set, and the balls will not be changed unless by mutual agreement and availability.

18. Official Score sheets showing the date of each match, the total points won and lost, the score of each match, and all defaults shall be filled out on the date play is scheduled and kept by both captains until end of the season for verification of results. The score sheets must be legibly written and signed by both captains. It is recommended you take a picture of your opponent's final score sheet. Official Score sheets are available through the www.tennispoint.com website and will include your roster.
19. The winning captain must post the complete results of the match, including players' name and scores of individual matches on the Website within 48 hours of the end of the match. Any discrepancies or failure to promptly post the score should be reported to the Division Chair and Webmaster.
20. **Defaults:** If a team defaults a court, the winner receives the default win and records their player's name, and one default win may count toward playoff eligibility. The score should be recorded as 6-0, 6-0. See playoff eligibility Article V.
21. **Player Retirement:** Should a player become injured once a match has begun, the win goes to the opponent despite the score. All players receive match credit towards playoff eligibility.

ARTICLE V – PLAYOFFS

All division quarterfinals (if scheduled), semi-finals and finals shall consist of five (5) matches; two (2) Singles and three (3) Doubles, with eight (8) players participating. The "Men's 55+" playoff format will be 5 courts: one (1) Singles and four (4) Doubles, with nine (9) players participating.

1. In divisions with ONE SECTION, there will be a playoff between the first and fourth place teams and the second and third place teams.
2. If applicable, in divisions with TWO SECTIONS, the first-place team in each session will play the second-place team in the opposing section. Winners of these matches will play each other for the championship.
3. **Team standings are determined by team matches won.** Procedures in the event of a tie between teams with the same amount of total team wins for

determining final standings for playoffs. The tie shall be broken by the first of the following procedures that does so:

- a. Individual Matches (individual lines, in other words, each court). Winner of the most individual matches in the entire season.
 - b. Head-to-Head: winner of the head-to-head team match between the tied teams.
 - c. Sets: loser of the fewest number of team sets
 - d. Games: loser of the fewest number of team games.
 - e. A coin toss by the Tournament Chairperson
4. If there is a **TIE** for the standings in any division between playoff teams, the Tournament Chairperson will flip a coin either in person or by video/FaceTime with the captains of the respective teams, or their representatives, to decide the order of the playoff draw.
 5. A player is eligible to play in the Division Semifinal Playoffs and Championship match if he or she has played at least two prior matches during the regular season. One default win may count toward eligibility. Quarterfinal matches may also be credited as the 2nd match prior to the Divisional Semifinal match.
 6. If a team drops out of a division after the team has played any matches, the points won against that team will be removed from the final scoring. However, players who participated in the match will get credit toward playoff eligibility.
 7. For the championship matches, a photo ID is required at check-in prior to playing.

ARTICLE VI – DISPUTES

All disputes or protests concerning inter-club matches shall be filed to the respective Division Chairperson by a team captain or acting captain within two days of the match. The Division Chairperson shall make best efforts to resolve the dispute informally and strictly in accordance with the rules. The Division Chairperson shall submit their original written decision regarding the dispute to The Board to approve it for format and professionalism. The Board shall have no authority to change the substance of the decision of the Division Chairperson at the first level of appeal.

The decision of the Division Chairperson may be appealed to the Board in writing within seven (7) days of receipt of that decision. Copies of the appeal shall be sent to all CPDTA Officers.

ARTICLE VII – UNSPORTSMANLIKE CONDUCT

1. Players, coaches, and spectators affiliated with any team or player are expected to conduct themselves in the spirit of good sportsmanship. Any alleged unsportsmanlike conduct should be raised in the first instance at the time of the alleged conduct, by raising the issue with the opposing team captain. Team captains are required to make a good faith effort to resolve the issue peacefully upon notification of such instances.
2. If the issue is not resolved to the satisfaction of one team or the other, it may be reported to the Division Chairperson within two days of the match. The Division Chairperson shall make best efforts to resolve the issue within ten (10) days. If the Division Chairperson cannot resolve the issue, or believes the issue is sufficiently severe as to warrant discipline or Board review, they shall refer the matter to the Board.
3. If, after ten (10) days from the date the alleged conduct was reported, the Division Chairperson is unable to resolve the issue to the satisfaction of one team or the other, a team captain may appeal to The Board. The Board shall conduct an in-person hearing at which time both sides may be heard.
4. Discipline shall be at the discretion of The Board and shall be proportionate with the offense and commensurate with the history of disciplining others. The Board shall keep all records of discipline handed down from past issues of unsportsmanlike conduct or gross misconduct. Any player or captain receiving three (3) formal unsportsmanlike conduct violations shall be permanently expelled from the league. All records will be permanent and will be considered in the event of future alleged infractions.
5. Gross misconduct shall include physical acts of violence against another person or any physical contact with another player or coach, threats to use a weapon, brandishing a weapon and similar acts that jeopardize the safety of players, coaches, and persons in the vicinity.
