In extenuating circumstances, the Home Team before the match begins, a regulation Third Set may be replaced by a Super Tie-break (first to ten points by 2). In the absence of this being clearly stated at the beginning of a match, the third set will be played out. The team winning the most matches wins the inter-club play match for that day. A ten-minute rest period following the Second Set will be allowed in all untimed matches. In extreme weather conditions, such as rain or extreme heat, the captains may mutually agree after the second set to play a super tiebreaker in lieu of a third set.

13. If a player is injured, s/he shall “retire”, a time limit of **15 MINUTES TOTAL PER MATCH** will be allowed for an injured player who wishes to continue. Within 24 hours the Division Chairs will send an email, with both lineups to said Captains, who are responsible for distributing it out to their players within 24 hours of receiving it from the Division Chair. Note if the Division Chair is unavailable that weekend, Captains are to send their complete lineups and contact information to the Tournament Chairperson to carry out. (*Checkout Tennispoint.com's 'rainmode' feature.*)

Players are responsible for scheduling the match against their opponent via text, phone call or e-mail. You have one (1) week to establish your rain make-up date. The Players are then responsible for rescheduling their individual matches. They can be played inside or out. The home court advantage is not in effect and the location should be central. Any courts not played will be considered a default; the recipient of the default receives the credit towards eligibility for playoffs.

Once your make-up has been scheduled (date/time/place) any cancellation will be considered a default. Players are to notify both captains of the agreed upon scheduled date, time and location and then the scores once played. If the rain date is rained out, you have until one week before any play-off to complete the match.

If there are court fees they will be split between the players.

All continued matches must be completed, at the latest, one week before Playoffs. If, however, the postponed match occurs the week before the Playoffs, then the players and teams will have until Tuesday at midnight to make up the match.

Once your make-up has been scheduled (date/time/place) any cancellation will be considered a default. Players are to notify both captains of the agreed upon scheduled date, time and location once decided. Players are responsible for sending both Captains their final scores. If the Rain date is rained-out, you have until one week before any play-off to complete the match.

18. Official Score sheets showing the date of each match, the total points won and lost, the score of each match, and all defaults shall be filled out on the date play is scheduled and kept by both captains until end of season for verification of results. 20. Defaults: If a team defaults a court, the winner receives the default win and records their player's name, and one default win may count toward playoff eligibility. The score should be recorded as 6-0; 6-0. See playoff eligibility Article V.

21. Player Retirement

Should a player become injured once a match has begun, the win goes to the opponent despite the score. All players receive match credit towards play-off eligibility.

ARTICLE V – PLAYOFFS

If the number of sets won is equal, the number of games won by each team will determine who advances.
4. If there is a **TIE** for the standings in any division between playoff teams, the Tournament Chairperson will flip a coin either in person or by video/Facetime, of the captains of the respective teams, or their representatives, to decide the order of the playoff draw.

6. If a team drops out of a division after the team has played any matches, the points won against that team will be removed from the final scoring. However, players who participated in the match will get credit toward playoff eligibility.

ARTICLE X - USTA

1. The rules of the United States Tennis Association shall apply in all cases not covered by the bylaws, stated in this rulebook.

Two-Hour Rule: In the event the home courts must be vacated after two hours of play, it must be made known when team captains confirm match play. Due to the two-hour playing time limit, it is necessary to keep play continuous. You may not leave the court at any time during the match. After the first game of each set, play is continuous. A 90-second break is allowed, according to USTA rule when changing ends for all other games. However, you may not leave the court. Players should plan to take water with them on the court before play begins at 15 minutes after the hour. Time between points and games is 20 seconds. **You are allowed a two minute break after each set up until the last 20 minutes of the match. During the last 20 minutes of play, there are no breaks, including the two minutes set break. Play is continuous; however, you will continue to change sides with no stopping.**

2. 10-15 Minute Rule: If you are in the ***Second Set*** at 15 minutes to the end of match, the game in progress becomes **NO-ADD; whomever is ahead wins the set**. If games are then tied, a 12-point tiebreaker is played to determine the outcome of the match. **Tiebreakers will be played out in full.** If you are in the ***Third Set***, play stops at 10 minutes prior to the end of match time. The game in progress becomes **NO Add; whoever is ahead wins that set**. If games are tied, a 12-point tiebreaker is played to determine the outcome of the match. A completed tiebreaker is recorded as a game with the actual tiebreak score in parenthesis.

3. USTA – 12-POINT TIEBREAKER

The tiebreaker goes into effect when the set score reaches 6-all.

4. SINGLES: A player who first wins seven points shall win the game and the set provided he or she leads by a margin of two points. If the score reaches 6 points all, the game shall be extended until this margin has been achieved. Numerical scoring shall be used throughout the tiebreaker.

ARTICLE X – USTA continued

5. The player whose turn it is to serve shall be the server for the first point, which is delivered from the deuce court. His or her opponent shall be the server for the second and third points (delivered from the ad court, then the deuce court), and thereafter each player shall serve alternately for two consecutive points (ad court, deuce court) until the winner of the (game and) set has been decided.

6. DOUBLES: In Doubles, the procedure for Singles shall apply. The player whose turn it is to serve shall be the server for the first point. Thereafter, each player shall serve in rotation for two points; in the same order as previously in that set, until the winners of the (game and) set have been decided.

7. TIEBREAKERS:

A **SET** tiebreaker is first to 7 ahead by 2 points.

A **SUPER** tiebreaker in **lieu of a third set** is first to 10 ahead by 2.

All tiebreakers, whether in doubles and singles, must be played Coman style.

*The **Coman Tiebreak Procedure** is the same as the present tiebreak (set or match), except that ends are changed after the first point, then after every four points (i.e., after the 5th, 9th, 13th, 17th points, etc.), and at the conclusion of the tiebreak. The scoring in the Coman Tiebreak Procedure is the same as a traditional set or match tiebreak, and the procedure for playing the Coman Tiebreak is the same as a set or match tiebreak.*

The player who served first in the set that ended in a tiebreaker shall receive service in the first game of the following set.
